Ironhawk Milling and Scarifier Tools

Ironhawk® 19 mm MILLING TOOLS

Ironhawk® 19 mm milling tools are engineered and manufactured to the highest standards. Premium-grade carbide and high-strength brazing translates into superior toughness and wear. High-quality washers and retainers ensure that tools stay clean and able to rotate, while remaining easy to remove when it is time to replace them.

CT-K6FW84	19 mm	1.5"	0.744"	0.413"	0.787"	1.803"
		38.1 mm	18.9 mm	10.5 mm	20.0 mm	45.8 mm

Ironhawk® 22 mm MILLING TOOLS

Precision manufacturing using premium-grade tungsten carbide and a proprietary high-strength brazing enable Ironhawk® 22 mm Scarifier Tools to last under extreme conditions. We offer tools with and without washers and with both the long and "wedding band" style retainers for both the 2000/2500 and 2100 series scarifier boards. High-quality retaining sleeves ensure that the tools properly rotate for maximum wear and are easy to remove.
